The mission of the Southwest Regional Medical Center is to attain regional leadership in the healthcare field. To provide excellence in healthcare. To improve the standards of the healthcare in southwest Mississippi and adjoining Louisiana in which we operate. To provide superior facilities and needed

services to enable physicians to best serve the needs of their patients. To generate measureable benefits for: community, the medical staff, the employee, the hospital and most importantly, the patient. We also want you to be aware that your hospitalization coverage is a contract between you and your insurance company. We will verify benefits and file a claim with your company; however you are ultimately responsible for the payment of your account. We will inform you of admission deposits either before or at the time of admission. Payment of estimated charges in excess of insurance benefits will be required either at the time of admission or discharge. Your Patient Accounts Representative will be happy to answer any nonmedical questions concerning your hospital stay (i.e., questions about finances, credit and insurance, admission or discharge procedures) and make every effort to ensure that your stay at Southwest Mississippi Regional Medical Center is a comfortable one.

**The Cardiovascular Institute** of Mississippi is the state's premier Heart Hospital. Dedicated to cardiovascular diagnosis, intervention and wellness, this 60,000 square foot state-of-the-art facility is bringing the latest in cardiac care technology, as well as some of the country's finest physicians, home to McComb. Now residents of southwest Mississippi and northern Louisiana have easy, around the clock access to lifesaving cardiovascular care such as cardiac catheterization, angioplasty and open heart surgery. Not to mention the convenience of full service interventional cardiology care and comprehensive cardiopulmonary wellness and fitness programs.

For our experienced team of clinicians, administrators and support staff, the mission is clear: to make accessing top quality cardiac care a priority for the previously underserved population in and around McComb, and ultimately improve the cardiovascular health of the area as a whole. We will achieve these goals by providing each and every patient with the highest level of heart, lung and vascular care in a warm, friendly environment that's close to home.

McComb, MS 39648  
601-324-3464

### *Services Provided*

---

Personal Pediatric Care will be a Prescribed Pediatric Extended Care facility (PPEC) that provides physician ordered multi-disciplinary day care to medically fragile and/or technology-dependent children, infancy to age 21, who have complex medical conditions requiring continual, professional skilled nursing care.

Our focus is to provide maximum early intervention to prepare children with medically complex needs for school and other life situations. We will provide care for up to 10 hours a day which includes learning through play and socialization to develop skills needed to ensure proper growth and development.

A doctor's prescribed order for our services is required. Your child's care may be covered by your insurance if their medical condition requires the skills of a nurse. Our highly skilled staff will assess your child for eligibility and coordinate with your child's physician and insurance case manager to complete the approval process. Personal Pediatric Care accepts all payers including Medicaid and Private Pay.

Please contact Personal Pediatric Care to determine if your child qualifies for care at our center.
