

# Kindergarten Readiness Calendar

## October 2020 – All About Fall

Sunday Creative Arts	Monday Language Arts	Tuesday Science	Wednesday Letter	Thursday Math	Friday Social & Emotional	Saturday Physical Development
<p>Kindergarten readiness calendars are created monthly with thematic activities for families to engage daily with children ages 3 &amp; 4. All activities align with Mississippi Department of Education Early Learning Standards.</p>				1	2	3
4	5	6	7	8	9	10
<p>Fall means football in Mississippi! Pretend you are in a halftime show in a football game, show us your routine!</p>	<p>Football has lots of unique language. Ask your local coach to tell you what special football words mean.</p>	<p>What happens when you throw a football up in the air? Where does it go?</p>	<p>The letter of the month is O! What sound does the letter O make?</p>	<p>There are lots of numbers in the game of football. Where do you see them? Hint – scoreboard, tickets, jerseys, seats...</p>	<p>Friday night lights are the best in my town! What is the name of the mascot for your school's team?</p>	<p>Let's go outside and throw the football around. Or any ball you have!</p>
11	12	13	14	15	16	17
<p>Fall is apple harvest time! Cut apples in half. Dip apples in paint to make apple prints!</p>	<p>Did you know that there are over 1,000 different types of apples? How many can you name?</p>	<p>How do apples grow? What are those little things on the inside?</p>	<p>Do you see any words with the letter O on this calendar? Circle all that you find!</p>	<p>How tall are you if you measured yourself in apples?</p>	<p>What did you think about all the apples this week? Did you taste different kinds? Which is your favorite?</p>	<p>Return your books to the library and check out more!</p>
18	19	20	21	22	23	24
<p>Fall leaves are my favorite! See if you can find some fall leaves, pinecones, and other fall items to make a fall collage.</p>	<p>Trees that change colors are called deciduous trees. What kind of trees stay green all year?</p>	<p>Leaves turning colors in the fall is part of the life cycle. What will happen in the next stage?</p>	<p>Take a walk outside and see if you can find the letter O!</p>	<p>Gather a variety of fall leaves. Sort leaves by different categories: size, color, length, etc.</p>	<p>Talk with your friends about the colors of the leaves in your community. Have they enjoyed the fall leaves like us?</p>	<p>Go for a walk outside your neighborhood. Can you tell what fallen leaves match which trees?</p>
25	26	27	28	29	30	31
<p>Draw pumpkin faces with your family. Can you tell how your pumpkins are feeling?</p>	<p>Do you know any pumpkin songs? Search tonight to see what you can find. I found one about 5!</p>	<p>What are some of the things that pumpkins need to grow? Hint – we need some of the same things!</p>	<p>I have the letter O in my middle name. Do you have the letter O in any of your names?</p>	<p>How tall are you if you measured yourself in pumpkins? Is it more or less than the apples?</p>	<p>Wow, October is almost over! What were some of your best days this month? Why?</p>	<p>Today is the last day of October. What month starts tomorrow?</p>
